

# Errata

## *Health Professional's Guide to Nutrition, Diabetes, and Pregnancy*

---

Note: The following errata only appears in the **first** printing of this book. To determine the print run of your book, consult the middle of the copyright page, which is the page directly before the Table of Contents. The last numeral in the countdown starting with 10 indicates the print run of the book. In the example below, the book would be in its first printing since the *1* is the last digit in the string of numerals.

10 9 8 7 6 5 4 3 2 1

Location	Original	Corrected
Page 129, second sentence under <b>Medications and Breastfeeding</b>	However, there are certain medications that are contraindicated during breastfeeding, including: decongestants (eg, pseudoephedrine); immunosuppressants (eg, tacrolimus, methylphenidate, and isotretinoin); lithium; and tetracycline antibiotics.	However, there are certain medications that are contraindicated during breastfeeding, including: decongestants (eg, pseudoephedrine), immunosuppressants (eg, tacrolimus), methylphenidate, isotretinoin, lithium, and tetracycline antibiotics.
