The American Academy of Pediatrics is an organization of 67,000 primary care pediatricians, pediatric medical subspecialists, and pediatric surgical specialists dedicated to the health, safety, and well-being of all infants, children, adolescents, and young adults.

While every effort has been made to ensure the accuracy of this publication, the American Academy of Pediatrics does not guarantee that it is accurate, complete, or without error.

The recommendations in this publication do not indicate an exclusive course of treatment or serve as a standard of medical care.

Variations, taking into account individual circumstances, may be appropriate.

Any websites, brand names, products, or manufacturers are mentioned for informational and identification purposes only and do not imply an endorsement by the American Academy of Pediatrics (AAP).

The AAP is not responsible for the content of external resources. Information was current at the time of publication.

The publishers have made every effort to trace the copyright holders for borrowed materials. If they have inadvertently overlooked any, they will be pleased to make the necessary arrangements at the first opportunity.

This publication has been developed by the American Academy of Pediatrics. No commercial involvement of any kind has been solicited or accepted in the development of the content of this publication.

Every effort has been made to ensure that the drug selection and dosages set forth in this publication are in accordance with the current recommendations and practice at the time of publication.

It is the responsibility of the health care professional to check the package insert of each drug for any change in indications or dosage and for added warnings and precautions.

Every effort is made to keep *Pediatric Nutrition for Toddlers, School-aged Children, Adolescents, and Young Adults: A Clinical Support Chart* consistent with the most recent advice and information available from the American Academy of Pediatrics.

Please visit [www.aap.org/errata](http://www.aap.org/errata) for an up-to-date list of any applicable errata for this publication.

Standard purchase price includes a license for one user. Licensing for additional users may be purchased.

Special discounts are available for bulk purchases of this publication. Email Special Sales at [nationalaccounts@aap.org](mailto:nationalaccounts@aap.org) for more information.

## Equity, Diversity, and Inclusion Statement

The American Academy of Pediatrics is committed to principles of equity, diversity, and inclusion in its publishing program. Editorial boards, author selections, and author transitions (publication succession plans) are designed to include diverse voices that reflect society as a whole. Editor and author teams are encouraged to actively seek out diverse authors and reviewers at all stages of the editorial process. Publishing staff are committed to promoting equity, diversity, and inclusion in all aspects of publication writing, review, and production.

Please note that use of the terms *male* and *female* in this chart refer to biological/natal sex.
